THE UNREMEMBERED

Where have they gone, the unremembered things,
The hours, the faces,
The trumpet call, the wild boughe
of white spring?
Would I might pluck you from
forbidden spaces,
All ye, the vanished tenants of
my places!
Stay, but one moment, speak that
I may hear,
Swift passerby!
The wind of your strange gar-
ments in my ear,
Catches the heart like a beloved
cry
From lips, alas, forgotten but
terly.

An odor haunts, a color in the
mesh,
A step that mounts the stairs;
Come to me, I would touch your
living flesh—
Look how they disappear, ah,
where ah, where?
Because I name them not, dear
to my prayer.

If I could call them as I used
Each by his name,
What violin—what ancient voice
that missed!

You in the hill, I see the heave
flame
My feet have found the road
where once I came;
Quick—but again the dark,
darkness and shame.

ANOTHER POSTPONEMENT IS MADE IN LACY CASE

Montgomery, Ala. April 23.—
Another postponement has been
made in the bank cases in which
the state is attempting to collect
money deposited by Theo. Lacy,
chief clerk of the state convict
department in the name of James
J. Oakley, as president of the
state board of convict inspectors,
just before Lacy's default in
1913. This time the trials have
gone over until next June. The
suits involve over one hundred
thousand dollars and have been
on the docket of the city court
for over two years.

INTERNATIONAL HARVESTER MACHINES

This International Harvester Engine Fills Your Needs

THIS I H C hopper-cooled engine meets the de-
mand for an engine that can easily be mounted
on a farm truck, making a portable outfit for use with
special machinery, such as well drills, concrete mixers, saw
pumps, and portable pumping plants.
The outfit is very compact, the weight moderate yet sufficient, and a
compactly small amount of water is needed for cooling. In a
hopper-cooled engine there is also less danger of harm from freezing,
as the open top of the hopper allows the water to expand.
This engine contains all the good features mentioned in our previous
advertisements and many others which you will appreciate when you
see them. It is one of the most satisfactory engines made, from the
point of view of economy. It starts and runs with the steadiness of a
steam engine, and we know of no better machine for the rough, heavy
work of the average farm.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Peady, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the women's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own shopping.

Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all drugists.

Write to Chattanooga Medicine Co. Ladies' Advisory Dept., Chattanooga, Tenn. for Cardui for further on your case and 64-page book, "Home Treatment for Women," in plain wrapper. M. C. 128.
